**Please note**

A 2% service charge may be added monthly to all past due accounts

A 20% restocking fee on all return or exchanges will be applied and no refund on shipping, please contact us prior to any returns or exchanges.

**Hardware and Structure**

- All play sets are made from Vinyl with Pressure Treated Lumber inside for strength and may also include Poly Lumber.
- All nuts, bolts, and swing chains are stainless steel.
- Basic towers DO NOT include entrance ladders or roofs.

**Swing Positions**

- On a 4-position swing beam, there will be 1 position outside of end support (see page 48).
- EZ Rider Gliders include a top beam and one end support post. The EZ Rider Glider can be installed next to a tower or at the end of a 2 or 3-position swing beam, but not at the end of a 4-position swing beam.
- Plastic Gliders and Vinyl Horse Gliders need to be installed at the first swing position on a swing beam next to the tower.
- Any 3-chain tire swing with swivel will need space to be capable of 360° rotation away from other swing components.  
Spots to consider: a separate bay on a swing beam, under the bridge, under a Happy Hideout, Giggle Junction, or a Good Time Tower.
- Tire swings (excluding plastic) are good, used, reconditioned tires.

**Maintenance**

- All vinyl playsets are low-maintenance and splinter-free.
- Some simple cleaning may be needed from time to time due to dirt, grass, dust, etc.  
Common household cleaners such as Windex or Simple Green are recommended.
- Nuts and bolts on the set should be checked yearly for structural safety. To tighten use hand socket wrench. Never use electric/power tools.
- When doing lawn care, keep power equipment away from swings and slides. Weed trimmers and mowers can damage vinyl and swing components.

**Delivery information**

- The tower will come assembled unless on-site assembly is needed because of limited access - prior arrangement required.
- Access needed is 1' wider than the width of any tower/playhouse.
- Busy Basecamp 4x4 & 4x6 tower, Discovery Depot 4x8 tower and Giggle Junction 4x4 towers all need at least 5 ft. wide clearance.
- Busy Basecamp 5x5 tower, Discovery Depot 5x9 tower and Giggle Junction 5x5 tower all need at least a 6 ft. wide clearance.
- Busy Basecamp 6x6 tower, Discovery Depot 6x8 tower and Giggle Junction 6x5 tower all need at least a 7 ft. wide clearance.
- Things that affect access at delivery are fences, gates, steps, hills, trees, bushes, and soft spots.
- Installers are not equipped to remove fencing, trees, etc., for digging, or going up or down banks or hills.
- If area is not completely level, the swing set will be installed "as-is". We are not responsible for racking of swing set.  
\* All the above are subject to additional charge(s) if not taken care of prior to arrival with swing set.

**Warranty**

- **Adventure World Playsets** warrants to the original owner at the installation address a Limited 20-Year Warranty covering defects in workmanship and materials affecting the structural integrity of the playground systems, such as the vinyl, poly lumber and wood components.
- **Slides, swings and accessories** are covered by a Limited 5-Year Warranty from date of the original purchase.  
These Limited 20-Year and 5-Year Warranties apply only to products used for residential, single-family dwellings subject to ordinary use and proper installation. Any Playset installed for use other than a residential, single-family dwelling will have a warranty limited to 10 years on the structural integrity of the playground systems and 2 years on slides, swings and accessories.
- **See Page 58 of the Catalog for more information on warranty.**

- **Swing sets are for residential use only, not intended for commercial use.**
