Piece	Stone Curbing Section 4ft Long	\$59
Piece	Stone Curbing Blocks	\$21
Piece	Rubber Mats (Green only)	\$72

## Hardware and Structure

- All play sets are made from Vinyl with Pressure Treated Lumber inside for strength and may also include Poly Lumber.
- All nuts, bolts, and swing chains are stainless steel.
- Basic towers DO NOT include entrance ladders or roofs.

## Swing Positions

- On a 4-position swing beam, there will be 1 position outside of end support (see page 48).
- EZ Rider Gliders include a top beam and one end support post. The EZ Rider Glider can be installed next to a tower or at the end of a 2 or 3-position swing beam, but not at the end of a 4-position swing beam.
- Plastic Gliders and Vinyl Horse Gliders need to be installed at the first swing position on a swing beam next to the tower.
- Any 3-chain tire swing with swivel will need space to be capable of 360° rotation away from other swing components.

Spots to consider: a separate bay on a swing beam, under the bridge, under a Happy Hideout, Giggle Junction, or a Good Time Tower.

- Tire swings (excluding plastic) are good, used, reconditioned tires.

## Maintenance

- All vinyl playsets are low-maintenance and splinter-free.
- Some simple cleaning may be needed from time to time due to dirt, grass, dust, etc. Common household cleaners such as Windex or Simple Green are recommended.
- Nuts and bolts on the set should be checked yearly for structural safety. To tighten use hand socket wrench. Never use electric/power tools.
- When doing lawn care, keep power equipment away from swings and slides. Weed trimmers and mowers can damage vinyl and swing components
